Subject- Motivation Letter for Scholarship Application

Dear Sir/Madam

This is Charles Dera and I'm currently ongoing through _____ academic program of your esteemed institution since last 2 years. With this motivation letter, I would like to state my strong will of applying for the scholarship program of the institution which can be really helpful for me to meet out my fee burden.

It's been a year almost since I got admission into the institution on the basis of distinction in my previous academics and I have been working so hard to perform the same in the upcoming exams as well. I belong to the lower financial background family which unfortunately can't bear the significant burden of my fee structure and therefore I'm seeking out some financial assistance from the institution itself in the form of scholarship.

I have also been voted by my faculty to be shortlisted for the scholarship program of the institution, who have voted for me after seeing my diligence towards my studies and they see the best in me for the sake of the institution as well. I'm loving the study friendly environment of the institution and growing gradually in the same environment and I have also performed very well in my quarterly test exams.

I just hope that after considering my sheer dedication towards the studies along with my financial background the administration of the institution would provide me this opportunity to ease my financial burden and let me fly high for my dreams.

Thanks & Regards
Charles Der
