Patricia Lee
Chief Web Officer
TravelTime.com
123 Business Rd.
Business City, NY 54321

Dear Ms. Lee:

I'm writing to you because I'm interested in applying for your open Software Developer position as posted on the careers page of your website, TravelTime.com. I have a bachelor's degree in computer science and I have worked with OOP programming languages and PHP/MySQL for the past three years. I believe I will be an asset to your software development team. I enjoy a challenge and although I can work alone, I prefer to work in a team, which is one reason why I want to apply to your company. In addition, while I was in college, I worked for a travel agency, so I have a good understanding of what a travel industry website site needs. Your requirements match my skills. For example:

- Experience in Laravel framework
- Experienced with XML, JS, JQUERY, HTML, CSS, Linux Command Line, Apache/Nginx
- Experience developing REST APIs
- Problem-solver with excellent trouble-shooting skills

I've attached my resume, so you can see the projects I worked on as well as more details on my experience in software development and a list of my certifications. Feel free to call me at 555-555-5555 or send me an email at simon.applicant@email.com. Thank you for your time and consideration. I would be thrilled to be a part of your team and I look forward to speaking with you soon.

I would be thrilled to be a part of your team, and I look forward to speaking with you soon.

Sincerely,

Simon Applicant (signature hard copy letter)
